

Young people have the power to make a difference. Join Students Embracing the Arts (SEA) to support St.Petersburg's arts community, explore the city, and make new friends!

SEA is a new program launched by the St.Petersburg Arts Alliance to unite local college students in support of the arts. SEA members will advocate for the arts, and strengthen their connection to the St.Petersburg arts community by participating in community events. They will provide direct support to arts advocacy events and build relationships with local artists and arts professionals.

This is a flexible program, designed to fit in with the busy schedules of students. This is a new project, so members will enjoy being a part of a dynamic, growing community!

SEA members will support our community through:

- **Community Outreach:**
 - Distributing the Arts & Economic Prosperity Survey at local arts events throughout the year.
 - Distributing our St.Petersburg Studio, Gallery, Museum, & Theater Guide to community partners throughout the city of St.Petersburg.
- **Event Assistance:**
 - Providing on-site support at Arts Alliance events, including: The SHINE Mural Festival, MUSE 2023, our annual Garden Party, and more! This may include running the registration desk, assisting with set-up and cleanup, or other tasks as assigned.
- **Making Your Voice Heard!:**
 - Spreading the word about arts advocacy through word of mouth, social media, and other creative means.
 - Growing with the Arts Alliance as we implement new high-impact projects!

Benefits of joining SEA:

- Complimentary tickets to arts & cultural events
- Opportunities for mentorship and career advice
- Opportunities to network in the Arts community in Tampa Bay
- Flexible Scheduling
- Leadership Opportunities
- Joining a community of like-minded art lovers ready to make a difference!
