COMMUNITY IMPACT

Business Disaster Loans — Up to \$2 Million

Businesses and nonprofits can get loans to repair or replace damaged or destroyed real estate, machinery and equipment, inventory and other business assets and prepare for future disasters.

Economic Injury Disaster Loans — Up to \$2 Million

Small businesses, agricultural cooperatives, aquaculture enterprises and most nonprofits can meet working capital needs through the recovery period. These loans are available regardless of whether a business has suffered property damage.

Home Disaster Loans

Homeowners can get loans up to \$200,000 to repair or replace a primary residence and get additional assistance to mitigate against future disasters. Both homeowners and renters can get up to \$40,000 to repair or replace personal property: furniture, appliances, vehicles, etc.

Long-term Recovery Help

When disaster strikes, low rates and long terms make U.S. Small Business Administration (SBA) disaster assistance loans an affordable option for businesses and residents in your community. A business does not have to be small to receive SBA disaster recovery assistance.
