

HEALTH & SAFETY REFERENCE GUIDE For Performing Arts Audiences

This guide is intended to help audiences access performing arts experiences that align with their health & safety comfort level during the COVID-19 pandemic. It captures the basic COVID-19 safety requirements at performing arts organizations & venues that are SPAA members offering currently scheduled public events.

We encourage theatre goers to contact each organization for further information on their policies, and to reference the most current guidelines from the Center for Disease Control & Prevention website at [cdc.gov](https://www.cdc.gov).

We encourage SPAA performing arts organizations & venues to keep us apprised of changes to their policies and events in real time, as well as new upcoming events. Please contact tiffany@stpeteartsalliance.org to add or alter details in this guide.
