FESTIVAL INTRODUCTION

Led by local artists and community members, SHINE is a project intended to illuminate the power of art in public spaces by revitalizing areas, inspiring dialogue, and uniting communities—all while cultivating new standards of artistic excellence and reflecting St. Petersburg’s creative spirit.
SHINE has turned St. Petersburg into an outdoor art museum. Visitors are coming to tour them, and SHINE instills community pride in those who live and work near them.

During SHINE, local artists are included with international acclaimed mural artists who leave behind the best of their work. An added bonus is that during the other 11 months of the year, our local artists benefit as businesses employ them and showcase their art.
